

Helping your business prosper BY FINANCING YOUR SUCCESS

Sign Companies: **Why offer Financing to your Customers?**

Catalyst Finance, a Canadian owned company has been providing vendors and their customers leasing and financing options since 2005. We have recently joined the Ontario Sign Association and created a simple three step process to help sign vendors like you get the job done in the most streamlined way possible.

What are the benefits to you the sign company?

- 1) We will make the deposit payment** to you before you order the sign. No need to be the bank.
- 2) Financing will differentiate you** & make it easier for your customers to say yes.
- 3) Our online lease calculator** can be integrated into your website to help you sell and create interest on-line and stand out from your competition.

3 Steps

- 1) Once an **approval** is in place documents are signed by the customer.
- 2) You **send the invoice**, we prefund a portion of the funds so you can order the sign.
- 3) Once the sign is installed, you are **paid the remaining funds for the deal**.

**pre-funding is upon approved credit of the customer.*
