

## Service & Install Technician

At Twilight, we combine unique artistry and technical know-how to create spectacular, awe-inspiring spaces for our clients. We are solution providers. Our goal is to make sure our partners have an experience they never imagined was possible.

For over 30 years, Twilight has been on the leading edge of research and development of new and innovative ways to bring client spaces to life. Located in Bolton, Ontario, Twilight offers a dynamic and fun environment that inspires creativity. Our people are the backbone of everything we do and our most important resource.

We have an immediate opening for a Service & Install Technician. The right person for this job thrives on providing a high-quality product and will do everything possible (including working some nights and weekends) to ensure that's what the customer gets! Having the ability to be a master problem solver with minimal supervision is critical in this role - and you must be comfortable dealing with all levels of the organization.

The responsibilities of this role include the following and a few more:

- Service and install signs as scheduled by Service & Installation Administrator.
- Determine layout and installation procedures.
- Measure and mark guidelines to be used for installations.
- Load and unload trucks with supplies and equipment.
- Assemble and install products, utilize hand and power tools
- Enter time and materials on project work orders
- View company material and labour costs ensuring budgets are maintained and cost saving measures are identified
- Take surveys of sites for installation when necessary.
- Record and file record of truck inventory at the end of each use.
- Complete and submit work orders to Service & Installation Administrator at the end of each shift.
- Report progress to Service & Installation Administrator daily.

### REQUIREMENTS:

- Experience in manufacturing or construction environment
- Experience in sign installation and service an asset
- Working at Heights, scissor lift and first aid certification strongly preferred (will train)
- Strong Understanding of Ontario Health & Safety regulations
- Strong communication and documentation skills.

30 McEwan Dr W, Bolton, ON L7E 2V6
