

Knowing
your business
matters.

Customized insurance solutions for Ontario Sign Association members

The risks you face as a trade contractor are unique. As the recommended insurance provider for the OSA, Federated Insurance can design customized and comprehensive programs specifically for you and your business.

Federated Insurance has been devoted to protecting Canadian companies coast to coast for almost a century. Our experienced team of industry professionals is dedicated to delivering superior products and providing a level of service that is second to none.

We believe that knowing your business matters. We take the time to work with you directly to determine the level of coverage that fits and give you access to exclusive value-added programs and services to support and protect you, your business and your employees.

And, as an OSA member, you'll have access to our Risk Management Assist service that provides Risk Management advice that could help you operate a safer business*.
